

January 9, 2024

Dear Scottie Families,

I hope this message finds you well. As we begin our 2024\_2025 budget development planning, our Building Leadership Team is requesting your input to inform priorities for fund designation. Please provide your <u>input here</u> by 3 pm on January 17.

Annually at the end of February, we are provided our projected student enrollment-based staffing including specialist content teachers and budget by category with teaching and learning costs, supplies and staff salaries. Our Building Leadership Team (BLT) will meet to create a budget proposal (s) and share with the parent community.

This year our parent community budget meeting we will be on <u>Teams</u> on Wednesday, March 6 from 1:30-2:30 pm. The meeting will be recorded and shared in Mac's Notes. Once the proposal is finalized, it will be shared with staff for a required 2/3 vote in favor to approve. The final step is for me to present the approved budget to the district for consideration by the end of March.

Thank you for giving your time and attention to our budget development process. I am grateful for the work our BLT members have committed to and for centering our children at the heart of these conversations. I appreciate BLT parent representatives Tony Grob and Gillian Weiss, and staff representatives Amy Poffenbarger, Mayra Castanos, Susan Finnegan, Miwa Casper, MaryLynn Halpin, Natalie Pret, Jackie Martinez, Kelli Black, and Elizabeth Purvis.

Sincerely, Zoe Facilla
